

# HOMEOWNER BATTERY PRODUCTS

## CREATE A SILENT NEIGHBORHOOD

Try our low noise battery products.

A man with a beard and short hair, wearing a dark grey polo shirt, dark blue cargo pants, and brown sneakers with orange accents, is pushing a black and orange cordless lawnmower across a green lawn. He is wearing white earbuds. In the background, there is a brick house with a dark grey metal roof and a red door. Two leafy trees with some fruit are on either side of the house. A wooden deck with a chair is visible on the left. The text "CUT THE NOISE WITH POWERFUL BATTERY TOOLS" is overlaid in large white capital letters on the left side of the image.

**CUT THE NOISE  
WITH

BATTERY TOOLS**

# ONE BATTERY SYSTEM POWERS THEM ALL.

## ONE BATTERY

One battery system across the range means maximum flexibility and value. Quick to charge and even quicker to swap between your products.

## HIGH PERFORMANCE

Strong, durable motors, low total weight and smart design give you all the performance and comfort you need and less vibrations as well.

## ECONOMY

Our battery tools pay for themselves quicker than you might think. And once they do, you save money every time you charge them up.

Just like all our tools, the Husqvarna battery-powered range is built for the demands of today. Designed to be tough, durable and powerful, but also easy and comfortable to use.

Today there is a need for gas performance without the inconvenience of cords, noise or fumes. We believe in making it possible for people to work in their yards whenever they like, without disturbing their own family or

their neighbors. We also believe in sustainable solutions, with tools that are instant, convenient and dependable.

The latest battery technology means these tools are quiet and efficient, with maximum runtime and zero direct emissions. And their Husqvarna badges mean that they offer the performance and quality results we believe you have the right to expect.

## EASY TO USE

Great balance and low weight make our battery tools comfortable and easy to use. With no starter cord to pull and no cables to get in your way, it makes the yard work more enjoyable at the touch of a button.

## LESS NOISE

Quiet, electric motors also mean you can start working earlier and finish later – without annoying the neighbors.

## NO FUMES

Husqvarna battery powered motors offer the performance of gas-powered engines, without the harmful emissions and fuel consumption.

# DIFFERENT PRODUCTS FOR DIFFERENT NEEDS.

We have all the tools you need to keep your yard in great shape. From trimmers to blowers, chainsaws to hedge trimmers and more – all powered by the latest, long-lasting batteries. Just charge them up, slot in the battery and go. Say goodbye to gas fumes and noise, say hello to quiet, efficient convenience.

# PERFECT FOR HOMEOWNERS

Today's Husqvarna battery-powered motors perform like a strong gas engine, but without the smoke and less vibrations. As batteries are interchangeable, you can switch to a charged one. Ideal for lawn and garden pros who need a machine for moderate to frequent use. Husqvarna machines are designed with a focus on ergonomics and performance.

## HUSQVARNA 120i LIGHT, CONVENIENT SAW FOR TAKING DOWN THE ODD TREE.

Easy-to-start with intuitive key pad.

- 8.4 lbs. excl. battery
- Bar length 14 in
- savE™ for maximum runtime
- Chain speed 36.7 ft/s

## HUSQVARNA 115iL EASY TO ADJUST, START AND TO USE.

Runs quietly on Li-ion battery. Great for trimming lawn edges.

- 7.4 lbs. excl. battery
- Telescopic shaft and adjustable handle
- savE™ for maximum runtime

## HUSQVARNA 436LiB CRUISE CONTROL, INSTANT START – AND MORE.

Lightweight blower with boost mode for extra power. Easy to use, and quiet.

- 5.3 lbs. excl. battery
- 81 dB(A)
- 385 cfm
- Cruise control / Boost mode
- 110 mph
- savE™ for maximum runtime

## HUSQVARNA 320iB PERFECTLY BALANCED FOR TOUGH WORK.

High performance yet quiet, thanks to Li-ion technology.

- 5.3 lbs. excl. battery
- 290 cfm
- 83 mph
- Cruise control
- Boost mode

## HUSQVARNA 115iHD55 EASY-TO-USE HEDGE TRIMMER.

Light, quiet and easy to handle. The perfect first hedge trimmer.

- 7.3 lbs. excl. battery
- 3000 cuts/min
- 22 in. cutter bar
- savE™ for maximum runtime

## HUSQVARNA 115iPT4 QUICK AND SAFE CUTS, OVER 400 ON A SINGLE CHARGE.

Cuts up to 6" branches.

- Bar length 10 inches
- Up to 14 ft reach
- savE™ for maximum runtime
- 9 lbs. excl. battery
- Chain speed 33 ft/s

## HUSQVARNA BLi20 POWERFUL BATTERY FOR HOMEOWNER USE.

Long runtime in a slim package.

- 2.7 lbs.
- Efficient cooling
- 3-LED charge indicator
- Rechargeable up to 600 cycles

**QUIET  
MOWING.  
PERFECT  
RESULTS.**

## HUSQVARNA AUTOMOWER®

### AUTOMOWER® 450X / **NEW 450XH**

The most advanced and equipped model on the market. For large lawns up to 1.25 acres with greater challenges. Handles demanding, complex and separated lawn areas with more than one passage and steeper slopes.

- Automower® Connect
- GPS theft tracking
- Automatic passage handling
- Manages slopes up to 24°
- Weather timer
- LED headlights
- Electric cutting height adjustment
- Remote object detection
- Available in 450XH model (High Cut)

## HUSQVARNA AUTOMOWER®

### AUTOMOWER® 430X / **NEW 430XH**

Premium model and the perfect choice for all, including highly complex lawns up to .75 acre, with separated lawn areas, narrow passages, trees, bushes and steep slopes.

- Automower® Connect
- GPS theft tracking
- Automatic passage handling
- Manages slopes up to 24°
- Weather timer
- LED headlights
- Electric cutting height adjustment
- Available in 430XH model (High Cut)

## HUSQVARNA AUTOMOWER®

### AUTOMOWER® 315X

Most advanced model in the 300-series. Mows complicated lawns up to .4 acre, handling narrow passages and slopes up to 22°, and taking tough terrain in its stride.

- Automower® Connect
- GPS theft tracking
- Automatic passage handling
- Manages slopes up to 22°
- Weather timer
- LED headlights

## HUSQVARNA AUTOMOWER®

### AUTOMOWER® 315

The automatic passage handling helps dealing with narrow passages while the weather timer adjusts mowing to match growth. For mid size lawns up to .37 acre with several obstacles. Handles slopes of a more general character. Equipped with Automower® Connect@Home.

- Automower® Connect@Home
- Automatic passage handling
- Manages slopes up to 22°
- Weather timer

## HUSQVARNA AUTOMOWER®

### AUTOMOWER® 310

Designed on a reliable 4-wheeled platform, offers improved uneven ground capability while still being compact. The replaceable cover makes it easy to personalize. For small to mid size lawns up to .25 acre with several obstacles. Equipped with Automower® Connect@Home.

- Automower® Connect@Home
- Automatic passage handling
- Manages slopes up to 22°

## HUSQVARNA AUTOMOWER®

### **NEW AUTOMOWER® 115H**

For mid size lawns up to .4 acre. Handles complex yards, narrow passages and slopes up to 17°. This hose-washable model is ready for all grass types with a higher cut of up to 3.6 inches. Equipped with Automower® Connect@Home.

- Mobile interaction
- Premium design
- Automower® Connect@Home
- Intelligent mowing
- Manages slopes up to 17°

## CLEAN, QUIET PERFORMANCE AND PROFESSIONAL RESULTS.

With no cords, no refueling and no fumes, a Husqvarna battery mower makes caring for your lawn altogether more relaxing for you and your neighbors alike. And the quality results speak for themselves.

### HUSQVARNA LE121P

#### DOUBLE BATTERY SLOTS FOR EXTENDED RUNTIME.

Battery mower designed for efficient mowing with minimum maintenance. Double battery slots for use with one or two batteries, provides up to twice the runtime.

- Collection/Rear ejection
- Cutting width 21 in.
- Push
- Cutting height 1.0 – 4.0 in.

### HUSQVARNA LE221R

#### SELF-PROPELLED BATTERY WALK MOWER.

Ideal for homeowners, this intuitive hassle-free battery mower can mow an average-sized lawn quickly and quietly in a single charge.

- Collection/Rear ejection
- Cutting width 21 in.
- Self-propelled
- Cutting height 1.0 – 4.0 in.

# COMPLETE YOUR TOOLS FOR MAXIMUM PERFORMANCE.

Husqvarna BLi batteries offer great flexibility and performance. Just charge up, plug in and switch on for peak performance and long runtime with no loss of power and up to 1500 charge cycles. Our charger range includes a smart algorithm for fast charging up to 80% in as little as 30 minutes, while smart accessories complement the BLi Battery System perfectly, making it truly the power behind our battery range.

#### HUSQVARNA BLi100/200/300

Husqvarna batteries provide excellent runtime and market-leading capacity to weight ratio. They all feature a 4-LED charge level indicator, all-weather operation and excellent cooling. Rechargeable more than 1500 times.

- Capacity: 2.6/5.2/9.4 Ah
- Weight: 1.9/2.9/3.9 lbs.

#### HUSQVARNA BLi20

##### **POWERFUL BATTERY FOR HOMEOWNER USE.**

Long runtime in a slim package. Features efficient cooling.

3-LED charge level indicator. Rechargeable up to 600 times.

- Capacity: 4.0/2.0 Ah
- Weight: 2.7 lbs.

#### HUSQVARNA QC330

##### **OPTIMIZED FOR ALL BLi-BATTERIES.**

Quick charging unit with active battery cooling and 2-LED status indicator.

- Power output: 330 W
- Charge current: 8 A

#### HUSQVARNA QC500

##### **FOR SUPER-FAST CHARGING.**

Charges BLi300 50% faster than the QC330 charger. Active battery cooling, 2-LED status indicator and high-power output.

- Power output: 500 W
- Charge current: 12 A

#### HUSQVARNA BATTERY BAG

Keeps batteries warm in winter and cool in summer. Effectively absorbs shocks and protects against dirt, grime and moisture. For BLi20 /100 /200.

#### HUSQVARNA QC80

##### **STANDARD CHARGER.**

With LED status indicator.

- Power output: 80 W
- Charge current: 1.9 A

#### HUSQVARNA QC80F

##### **FIELD CHARGER.**

For charging in 12V car/truck outlet in field.

- Power output: 80 W
- Charge current: 1.9 A

# HOW LONG WILL THE BATTERY LAST?

## WORKING TIME ON ONE CHARGE

<div></div>										
		535iXP®			120i		T535iXP®	530iPT5/ 530iP4 / 115iPT4	520iLX	
		CARPENTER	PRUNING	LOG CUT			PRUNING	PRUNING	LIGHT	TOUGH
										
	BLi300	5 h 35 min	2 h 15 min	1 h	—	3 h 55 min	3 h 30 min	2 h 30 min	1 h 15 min	
	BLi200	3 h 5 min	1 h 15 min	35 min	45 min	2 h 10 min	1 h 55 min	1 h 25 min	40 min	
	BLi100	1 h 35 min	40 min	15 min	—	1 h 5 min	50 min	40 min	20 min	
	BLi20	2 h 25 min	1 h	25 min	35 min	1 h 40 min	1 h 30 min	1 h 5 min	30 min	
	BLi950X	15 h 40 min	6 h 20 min	2 h 50 min	3 h	11 h	9 h 40 min	7 h	3 h 30 min	
	BLi550X	8 h 40 min	3 h 30 min	1 h 30 min	1 h 30 min	6 h	5 h 20 min	3 h 50 min	1 h 50 min	

The runtimes are up-to-times and correspond to work time using saveE™: actual work, basic maintenance and movement /climbing needed for generic operations.  
\*Requires BLi backpack batteries.

The working time available with a fully charged battery depends on three variables: the capacity of the battery, which machine the battery is used with and if you're doing light or tough cutting/trimming. The chart shows an

estimate of the operating time you can expect from your Husqvarna battery equipment in different work situations.

The charging time for a fully discharged battery depends on the capacity of the battery and which of

the chargers you use. In many cases the charging time will be shorter than the working time. This means with two batteries available, you can work continuously – one battery operating and the other battery charging.
